The large estates that Orm possessed entitled him to the rank of 'Thane'. The title, Thane or Dezen, was given to those who were part of the greater nobility & held lands directly from the King. They were the kings immediate tennants by personal service. This was the casse with Orm (a). The church of Kirkdale was part of the lordship held by Orm. There was a church at this site before the eleventh century which was demolished before the conquest by either the Danes of Tosti in the fueds which destroyed much of the country during Tosti's government of Northumbria.
