

# ANTILL: Chart 1

## The probable ancestry of ISABELLA JESSIE ANTILL

Drafted 1995, updated updated October 2007

The ANTILL ancestors go back to King Edward 'the Confessor', c1050 where the legend of Antill's being buried upright begins. Reputedly Antill was ordered to keep watch over the King's domains until he returned from war. In the meantime Antill died so his sons buried him upright so that he could continue to overlook the Kings domains.
